Dream Car Experience: Let dad drive the Aston Martin DB4 for Father's Day

Whether you like it or not, dads like to tell you what to do and over the years your father has probably taught you a thing or two. Father's Day is on June 21 so why not find a unique way to thank him?

One of the proudest dads in the country on Father's Day could well be John Button, father of local Formula 1 ace Jensen. Jensen will be flat out at

Silverstone on June 21 trying to win his seventh Grand Prix of the year.

Jensen raced in Formula Ford and at **Castle Combe Circuit** you could make your dad proud by letting him get behind the wheel of one and drive around the famous challenging corners.

After a classroom-style briefing your dad could be driving around the 1.85 mile circuit as he masters the lines, the turn in and apex points following in the tyre tracks of names

like Senna, Mansell, Hill and Lewis Hamilton's current team mate Heikki Kovalainen.

The cars available include Ford Focus saloons, Formula Ford single seater race cars, the latest Subaru STI and Lotus Elise.

The laps will flash by before the chequered flag signals the end of the session and a return to the pit lane. The time at Castle Combe will end with a presentation, a certificate, and the instructor's assessment of your circuit skills.

So put a smile on dad's face and treat him to the drive of his life.

Castle Combe Racing School has a choice of five courses starting from £99 plus a rally school and fast passenger lap experiences in Subaru Impreza STI's or a Ferrari Challenge race car.

For details on all the circuit's courses check out the website at castlecombecircuit.co.uk or to book for dad phone 01249 782417.

Haynes International Motor Museum also offers a lot to the motoring enthusiast and this Father's Day weekend, June 20 and 21, forget socks and chocolate as gifts and treat

your dad to a memorable experience at the museum, near Yeovil. Once there dad can get up close to some motoring classics, and ride or drive in the style he deserves, or let him experience the sort of power of which he may have dreamt.

All weekend, cars will include iconic marques such as Ferrari, Aston Martin and Ford. If that is not enough he could even drive a Porsche Boxster, Caterham or Honda Racing Car, or have the adrenaline ride of his life in a rally or drifting car. Being thrown around the museum test track, driving or riding this is where dad's dream does come true.

From only £25 for a ride or drive, the Dream Car Experience is guaranteed to be a day he will always remember.

While you are there, take the opportunity to visit the UK's largest international motor museum, with more than 400 cars and bikes displayed in stunning style, dating from 1886 to the present day.

See familiar names such as Austin, MG, and Morris. Whilst for those seeking something more exotic there is a vast array of performance cars, from modern classics such as the

Dodge Viper and the Ferrari 360, to the more historic Jaguar E Type and AC Cobra.

Also on show is a large collection of American cars, including the V16 Cadillac, and the million-dollar Duesenberg.

Visit Haynes International Motor Museum, at Sparkford, Somerset, or call 01963 442783.

Or perhaps your dad is not that into cars, but like most dads he's probably into TV, so treat him to a day of **Only Fools and Horses** mania.

For 11 years, a society dedicated to the legendary long-standing comedy, have staged an annual convention.

This year's event will be held at Bristol City Football Club at Ashton Gate. With famous locations in and around the club, it is the perfect venue for fans to meet members of the show's cast such as Boycie and Marlene as well as some surprise guests.

There will be a chance for fans to collect autographs, purchase exclusive memorabilia along with other surprises thrown in for good measure.

Visit onlyfools.net for more details and to buy tickets.
