We've moved but we haven't changed

— windows • doors • conservatories —

It is now more than 20 years since the family run firm of Kingfisher was established. In that time much has changed.

The quality and design of windows and conservatories have unquestionably improved and there are now styles and options to suit any and every type of property. In real terms value for money is better than it has ever been.

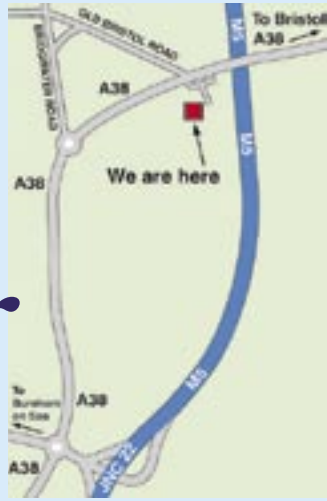

At Kingfisher, however, one thing has not changed and that is our absolute dedication to customer service.

We may be old fashioned, but we believe people prefer politeness, punctuality, a complete absence of pressure selling, highly trained fitters who clean and tidy after installation and consistently friendly help and advice.

• All of our fitters have NVQ2 certificates for fitting

• Our surveyor has NVQ3 certification

• We are the only preferred installers of custom made sash windows within the local area

We are open:
Monday to Friday 9am - 5pm
Saturdays 9.30am - 12.30pm
